

Title

Kidney Masses and Renal Cancer in General Practice: Investigation, Referral and Contemporary Management.

Overview

This session will cover:

- Symptoms of patients presenting with signs of renal cancer.
- What diagnostic work-ups to order.
- The role of renal biopsy.
- Available treatments, both surgical and non-surgical, and potential side effects.
- When surgery is recommended and post-surgery surveillance.
- Case studies will be used for context.

Speakers

Dr Briony Norris, Urological Surgeon.

Dr Cristian Udovicich, Radiation Oncologist.

Learning Outcomes

By the end of this activity, participants will be able to:

1. Explain the symptoms of renal cancer.
2. List appropriate investigations to order prior to seeing a urologist.
3. Differentiate between surgical approaches, active surveillance and modern radiation therapies.

RACGP

One CPD Educational Activity hour.

Registration
